## WORK EXPERIENCE

Dreamforge  
Innovations Inc.  
JUN 2024 - Present

### Junior Frontend Software Engineer - Full time

Responsible for transforming the user interface and enhancing the overall user experience. Leveraging React JS and various CSS libraries to create intuitive, efficient, and engaging front end interfaces. Additionally, accountable for seamless API integration, ensuring a smooth and responsive user experience by employing the latest technologies and industry best practices.

Gothong Southern  
Shipping Lines Inc.  
JUL 2023 - AUG 2023

### Software Developer Intern - On the Job Training (OJT)

As a project manager and front-end developer during my internship, I led project planning, managed timelines, and coordinated with the team to meet deadlines. I built responsive interfaces, implemented design features, and collaborated with back-end developers for seamless integration. This experience strengthened my leadership, project management, and technical skills.
